

QUEBEC CHAPTER OF THE  
AMERICAN ASSOCIATION  
OF MENTAL RETARDATION

**May 2 – 6, 2006**  
**International Alliance for Social Inclusion Summit**  
**Mark Montreal in your agenda!**

We are pleased to invite you to attend and participate in the International Alliance for Social Inclusion Summit. The event will be held May 2-6, 2006 at the Fairmount Queen Elizabeth Hotel in the heart of Montreal.

We are working diligently to make this summit a unique event for practitioners, decision-makers, researchers, persons with intellectual disabilities, and their relatives, self-advocates, stakeholders and other specialists involved in the field of Intellectual Disabilities in Canada, United States and around the world.

Whether you are pursuing research projects or activities on self-determination and quality of life, school and social inclusion, barriers to community living, policies and service delivery, sports and leisure, health, technologies, sustainable urban development, spirituality, education and training, or rights and ethics, we invite you to join us and share your knowledge and experience. Our initial call for presentations will be issued shortly.

The Summit will be an opportunity to do the groundwork for a new alliance that will work concretely towards implementing the Montreal Declaration on Intellectual Disability. As a first step and indication of what we would like to share with you, we invite you to take a look at the new web site Accès Simple (Easy Access) of the City of Montreal, dedicated to people living with intellectual disabilities or having severe reading difficulties. The address is [www.ville.montreal.qc.ca/accessimple/acs/accueil.shtm](http://www.ville.montreal.qc.ca/accessimple/acs/accueil.shtm). Although initially in French, simply “Control and click” and you will quickly get a sense of the purpose of this new service.

Please hold the dates and put Montreal in your agenda for May 2006 and we promise you a memorable event, a program offering outstanding presentations and intense debates, a lot of networking opportunities, in a healthy, affordable and exciting city.
